Go CERT!

Emergency responders do their best to respond as quickly as possible, but it is also the responsibility of individual citizens to learn how to protect themselves, their loved ones, and their communities. The Community Emergency Response Team (CERT) program educates people about disaster preparedness and trains them in basic disaster response skills, such as fire safety, light search and rescue, team organization, and disaster medical operations. Protect yourself and help build a more resilient community.

All Classes will be held at the
 Chester County Public Safety Training Campus
